

Springtime in the Garden

Saturday, April 9 10 A M -2 P M

122 Felkins Ave, Forsyth, MO

Join us at the Master Gardeners of the Ozarks **Demonstration Garden** for a day of exploring and learning in the garden.

10:00 A M Missouri Department of Conservation will be on hand to provide information on our native Missouri trees and shrubs. As part of an observance of **Arbor Day**, MDC will provide **Plum trees and Viburnum shrubs** to attendees **free of charge**. They will have information on how to plant and care for your trees and answer your questions.

12 noon Leaf Casting Demonstration

Master Gardeners, Marva Ramsey and Cathy Meyer, will demonstrate the process involved using a real plant leaf as a mold for a concrete casting. Uses for the finished leaf range from a fountain or bird bath in the garden to interior uses as a serving tray or wall hanging.

Plant Sale 10-2

A variety of plants will be for sale. These include divisions from the Demonstration Garden and other plants provided by Master Gardeners. There will be a variety from vegetable garden transplants and herbs, to divisions of many of our perennials such as day lilies, iris and natives. Also, we will have a variety of unusual Colocasia/elephant ears.

Ask a Master Gardener

We will be working and available for questions in our many garden projects. Visit with us and ask questions on how to use these ideas in your own home garden.

Project areas include:

Curbside Gardens	Shade Gardening	Herb Garden
Rain Garden	Composting	Keyhole Garden
Butterfly Garden	Native Shrubs	Sunny Natives
Native Grasses	Monarch Waystation	

4H members will have Bee Habitats, Bluebird Houses and Bat Houses for sale.

Plan on a fun day in our garden setting. If you choose, pack a lunch and spend the day. There will be lots of activities, information and handouts available.

For questions, contact the Taney County MU Extension Center at 417-546-4431
