What is BOB Country?

TOTAL Country BOB FM has been Minnesota's locally owned and operated country station since 1999. We do things differently in BOB Country, and we're proud of it.

BOB FM has a format focused on providing listeners with true country variety. BOB FM features the best songs of the 1980s, 1990s and early to mid 2000s with a mix of the "classics", the stars of tomorrow, as well as Minnesota homegrown talent. BOB FM has a "no repeat" policy – other than request shows, you'll seldom hear the same song twice in one day.

BOB plays huge artists of the 1980s and 90s like Garth Brooks, Vince Gill, Brooks and Dunn, Reba; legends like Merle Haggard, Willie Nelson, Dolly Parton and Waylon Jennings; and superstars of today like Brad Paisley, Blake Shelton and Kenny Chesney.

A connection between two cornerstone aspects of our radio station: supporting local artists and supporting the military and their families.

The Minnesota Country Salute CD is an annual compilation of original songs from local Minnesota artists. The CD has historically been released on Black Friday and available for a limited time. All net proceeds from the project are donated to support military families through the Minnesota Military Family Foundation and Tribute to the Troops. To date, we have raised over \$40,000 through the project for military families.

Testimonials

“Our Event was good! I have to say that maybe about 4 times as many people then at our last open house. We do thank you for all you and Bob 106.1 did for this event and hopefully this is something we can grow on in the future!” – Christopher Daniels, Plow World Inc.

“Our work with Britni, PT, Jim and the entire BOB FM team aimed to increase our customer counts and build more awareness of the G-Will Liquors brand. We continue to be thrilled with the results we see on a weekly basis! Customer counts are up significantly over last year, due in large part to the ads they hear on BOB FM, our sponsorship of the Friday Happy Hour, and a remote live broadcast by Jim Erickson. The communications, flexibility, and suggestions to help improve the campaign continue to surpass our expectations. I would highly suggest having BOB FM out to your business for a remote live broadcast. It changes the entire feel of your event and Jim did a great job bringing in additional customers that would not have stopped without hearing him hype the event on BOB FM!” – Jason Schulz, G-Will Liquors Division Manager.

“It was an absolute pleasure to do the Minnesota Country Salute CD with BOB FM. At Wendy’s, we carry great pride in helping out the community every way that we can and the people at BOB FM facilitated, organized and managed everything extremely thoughtfully and thoroughly. We have had the privilege to work with the team at BOB for over 3 years, but an even greater privilege to be friends with the team at BOB for 5+ years. We are very fortunate to help the Minnesota Military Families any way that we can.” – Megan Givens, Wendy’s FourCrown, Inc. Director of Marketing.

“Our decision to work with BOB FM to promote our grand opening event paid dividends, both at the event and in the weeks that have followed. Radio spots paired with a live remote broadcast brought tons of traffic and helped ensure our opening was a success. The entire BOB team was professional, responsive and delivered everything they promised and more. We are excited to work with them again in the future” – Jon Rogers, Otsego Tires Plus
