**Elkhart Community Schools superintendent announces resignation**

May 24, 2018 – Elkhart, IN – Today, Elkhart Community Schools Superintendent Robert Haworth issued a statement about his position with the district.

“Pending board approval, I will be accepting a position of superintendent with Vigo County School Corporation,” said Haworth. “As I am sure many families experience, as our loved ones age, the daily living basics can become more challenging. That is true for me at this time and there is a need for me to be closer to my family.”

“Over the past six years, it has been my pleasure to work in a remarkable community and for an extraordinary district,” said Haworth. “As we sought to relocate closer to family, I looked for a district like Elkhart: a district that has a commitment to student growth and the goal of helping students become college, career, and life ready.”

“I look forward to seeing the many great things that are surely to come from Elkhart Community Schools and the greater Elkhart community.”

Haworth has been with the district since June 2012.
