## **NDGOP Slams Recall Petition in District 24**

**BISMARCK** – Today, Perrie Schafer, Chairman of the North Dakota Republican Party, issued the following statement in response to the initiation of a recall petition against Representative Dwight Kiefert:

*"This frivolous and unserious effort is a distraction from the important work that we are undertaking as a Party. Although I believe that we ought to have vigorous debate as a Party, I also believe that this is a wholly unproductive way to express our differences. We stand behind Rep. Dwight Kiefert."*
