

The Hi-Liner Way

The **Hi-Liner Way** was adopted by the staff at Valley City Public Schools in 2017 to promote a positive school environment and a healthy community. It is part of our mission to provide a learning environment where all Hi-Liners will be **Safe, Respectful, and Responsible**. The Hi-Liner Way promotes these principles, encouraging all students, staff, parents, and guests in our Hi-Liner community to be more

kinder, happier, prouder, more engaged and considerate of others. Our teachers and staff believe that we can **Make A Difference**, and the Hi-Liner Way will lead our students to have a more positive attitude; be more accountable to themselves and others; be loyal, hardworking, collaborative, creative, and goal-orientated; and finally, be ready to pursue their passions and become community leaders.

Hi-Liner Pride

Valley City Public Schools and the community of Valley City have an amazing history and tradition. Hi-Liners are well-known in North Dakota and all across our country for being respectful, hardworking, team-players, good sports, relentless, and gritty.
