

## Mayor for a Day

I want to learn needs of my city and help to problem solve the needs to make it a greater place to live. I am a hard worker, caring and fair. I am kind and listen to others. I like to learn new things and solve problems. There are amazing views. The highline bridge and the river are beautiful. There is beautiful scenery along the hiking trails. I would like to find a place where kids could meet inside after school in the winter. I can picture a little jungle gym. There would also be tables for board games and arts and crafts. I would like to find a way for all families to enjoy it at little or no cost. It would be fun to learn what a mayor does. I would like to know some of the needs of the community. I would like to be mayor for the day so I could learn the needs of the community and help change things.
