

SCOTT ROEHRICH RETIRES AS HEAD FOOTBALL COACH

After 33 years of coaching football, Valley City Public Schools Head Football Coach, Scott Roehrich has retired. Scott began his career with VCPS in 1996 and was the 9th Grade Football Coach before he took over as Varsity Head Football Coach in 2008. Scott has been an incredible football coach who has not only developed athletes, but has also taught them how to work together as a team, and how to compete fairly and respectfully. For the second time, this year, Scott was named EDC Football Coach of the Year and has been selected (twice) by the North Dakota High School Coaches' Association as Football Coach of the Year. We would like to thank Coach Roehrich for all his talent, time, and dedication to the athletes and the entire football program. You have devoted so much of yourself to your team, and we are delighted for you to be able to spend more time with your wife Carina and your two daughters.

Although Scott is stepping back from coaching, we are pleased he will continue teaching at Valley City Public Schools.

**Thank you Coach
Roehrich!**
