

Introducing..... the Hi-Liner Lighthouse

Valley City Christian Educators, in partnership with VCPS, is pleased to reveal a newly created resource for families new to our district or in need of a helping hand throughout the school year.

The Hi-Liner Lighthouse is a storeroom of gently used children's and adult Hi-Liner gear, available year-round. It is housed in the central administration building and maintained by VC Christian Educator volunteers.

Please consider completing a bit of targeted closet cleaning with the goal of donating inventory to the Hi-Liner Lighthouse. Gently used, like new Hi-Liner items (pants, shirts, jackets, caps, gloves, lanyards, etc.) can be dropped off at the district administration building M-F during office hours.

Thank you for your generosity in helping to provide every member of our Hi-Liner family with clothing, school spirit, and - above all else - love.

Also, if you know of a family new to our district or simply in need of Hi-Liner clothing, please refer them to Courtnie at the district administration office. Thank you!
