What can I expect at a class?

-Classes include watching videos, completing exercises in a workbook and optional discussion. The authors use storytelling, with lots of humor, to teach the techniques.

Do I have to attend with my children or significant other?

-All are welcome! Singles, couples, families, just moms, just dads, etc.

I have taken the class before.

May I take it again?

-Yep! Parenting creates constantly evolving challenges.

Is this just for parents with young children?

-Love and Logic works for children of all ages, and it is never too late to start!
