There is known positive impact of breakfast on academic performance, so it is my recommendation that breakfast continued to be provided to all students a no charge through the 2013-2014 school year. I would also like to recommend that the adult charge for breakfast be increased by five cents to a \$1.50.

In order to meet the paid lunch price increase requirement of the Healthy, Hunger-Free Kids Act I would like to recommend an increase of ten cents for the elementary, middle and high school paid lunch price. Reduced lunch prices are set by the USDA and cannot be changed at the school level. Also, in accordance with USDA requirements I am recommending a ten cent increase to the adult lunch price for 2013-14 school year. At this point in time I do not recommend a price increase for extra entrée, French fries or milk.
