

2017–2018 Edition

“Excellence in Agriculture”
Scholarship Program

At Landus Cooperative™, we are pleased to offer a scholarship program to high school seniors in our territory who plan to utilize their post-secondary education to feed and fuel our neighbors and people around the world. These young leaders will play a critical role in shaping agriculture in coming decades.

As a farmer-owned cooperative, we are privileged to be in a position to consult with producers who are feeding the world as well as support the educational pursuits of those who will positively influence the industry for years to come. While the cost of post-secondary education rises, the goal of obtaining an advanced education is becoming harder to realize. This scholarship program is designed to recognize students' academic achievements and potential while responding to the financial pressures felt by many rural families.

Landus Cooperative will be awarding five (5) one-year scholarships in the amount of \$2,000 each during the 2018—2019 academic year. Recipients must enter an agriculture or life sciences program at the accredited post-secondary institution of their choice. Recipients will be chosen by an independent committee supervised by the Iowa College Student Aid Commission.

We sincerely hope you will take advantage of the *“Excellence in Agriculture”* scholarship program and wish you success in achieving your academic goals.

“Excellence in Agriculture”

Scholarship Application

NOTE: Before completing, read the instructions

DO NOT attach supplemental materials or place the application in any type of binder or cover. A typewritten application is preferred. All information given on this application will be kept strictly confidential. Scholarship recipients will be chosen by an independent committee supervised by the Iowa College Student Aid Commission.
