**Cost: \$25**

# Mission Statement

Our weeklong basketball camp is designed to provide an opportunity for boys to get a basketball in their hands and a chance to improve their basketball skills. We are committed to not only teach your child ways to improve as a player, but also leadership and teamwork skills that can be used away from basketball. I am confident that your son will come away from this camp with specific ways to continue to improve and become a better basketball player and a servant leader in the community.
