White Flowering Dogwood (Small)

Height: 25' **Spread:** 25' **Shape:** Round, Umbrella **Foliage:** Blooms April-May, White Flowers **Fall Foliage:** Red/Purple **Winter:** Red Fruit for Winter Songbirds **Exposure:** Full Sun, Partial Shade. An excellent landscape choice for all seasons and great for planting next to utility lines, larger buildings, or near patios.

American Smoketree (Small)

Height: 20-30' **Spread:** 10-20' **Shape:** Upright, Irregular, Oval **Foliage:** Oval, blue-green leaves **Fall Foliage:** Purple, Red **Exposure:** Full/Partial Sun. Best used in a shrub border, or trained as a multiple-trunked patio/accent tree. It can be pruned to provide clearance beneath to allow for pedestrians to pass.

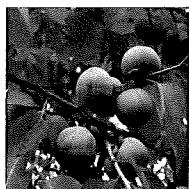

Fuji Apple (Small)

Height: 20-25' **Spread:** 25' **Shape:** Pyramidal **Foliage:** Green Leaves **Fall Foliage:** Golden Yellow **Exposure:** Full Sun. This deciduous tree trunk may reach 4-6' in diameter. With its sweet/tart flavor, the Fuji Apple is a favorite fresh eating apple that is crisp, firm, and juicy. Produces large yields that ripen late season.

Carolina Silverbell (Medium)

Height: 30-40' **Spread:** 20-35' **Shape:** Multi-stemmed, Round, Upright **Foliage:** Deciduous, Spring Blossoms **Fall Foliage:** Yellow-Yellow/Green **Exposure:** Full Sun, Full Shade. Silverbell is a medium-sized tree that produces white bell-shaped flowers in spring. The flowers are followed by dry fruits with four wings.

Norway Spruce (Medium)

Height: 40-60' **Spread:** 25-30' **Shape:** Pyramidal **Foliage:** Evergreen **Fall Foliage:** Evergreen **Exposure:** Full Sun. Long, cylindrical cones that hang like ornaments from the weeping branches against the dark green foliage. Often used as windbreaks, screens, or hedges in large-scale landscapes.

Chinkapin Oak (Medium)

Height: 40-50' **Spread:** 50-60' **Shape:** Round **Foliage:** Dark Yellow-Green, Acorns **Fall Foliage:** Yellow, Orangish-Brown, Brown **Exposure:** Full Sun. Chinkapin Oak adapts to many soil conditions and is great for larger lawns, estates, or parks. The acorns are at the top of the food preference list for many wildlife species.
