

Easy. Elegant. Efficient.

Introducing the Aquasential®
Tankless Reverse Osmosis
Drinking Water System.

Small footprint. Big Results.

Just because you don't have a lot of space doesn't mean you can't have great water.

All you need is the **Aquasential® Tankless Reverse Osmosis (RO)** from Culligan with its sleek, space-saving design.

While most RO systems use a tank, our Tankless RO uses a booster pump plus a 600 GPD (gallons per day) membrane to provide an unlimited supply of filtered, great tasting water. With four stages of filtration, it's the advanced drinking water system that works in almost any space.

The Aquasential Tankless RO Drinking Water System can be configured with advanced specialty filters.

Benefits of the Aquasential® Tankless RO System

- ✓ Enjoy clean, continuous water flow, anywhere in your home with tankless technology
- ✓ Get real-time feedback on the quality of your water
- ✓ Stop foul tastes and odors and reduce dissolved solids and particulates by 95%
- ✓ Sleek space saving design
- ✓ Enjoy the high-end, designer faucets featuring an advanced display in multiple finishes

Culligan® Aquasential® Tankless RO Drinking Water System

Product specifications

✔ First Stage - RO Membrane

Reverse osmosis 600 GPD high capacity membrane to reduce total dissolved solids.

✔ Second Stage - CF Cartridge

2-in-1 sediment and carbon filter for filtering out particulate materials* such as dirt, sand, and rust as well as reducing bad taste and odor*.

✔ Third Stage Choice - CB Cartridge

Carbon block filter for reducing any remaining bad taste and odor*.

✔ Third Stage Choice - MB+ Cartridge

Mineral Boost+ filter with a proprietary blend of granular activated carbon and minerals such as calcium, magnesium & potassium for an amazing spring water taste and balanced pH.

✔ Designer Faucet

Culligan's high-end, designer faucets with advanced display will match any kitchen and keep you in control of your water quality. The water drop on the center of the display denotes the water quality and the green arc indicates the filter life.

* Not tested or certified by WQA.
