

Soft, smarter water. Every drop, every day.

Introducing the Aquasential® Smart High Efficiency Water Softener.

For high-efficiency water softening, Nothing can match the intelligent design of the Aquasential® Smart High Efficiency (HE) Water Softener.

Just how smart is the Aquasential Smart HE? Smart enough to alert you to low salt levels and other issues. Sophisticated enough to be controlled remotely. Our exclusive Dial-a-Soft feature lets you customize your water's softness. With a new, modern color, improved app experience, plus always-on WiFi connectivity and remote monitoring, the Aquasential Smart HE gives you cleaner, safer water and more peace of mind.

The World's Most Efficient Water Softener.*

Get greater control over your water with our Culligan® Connect Consumer App.

Now, it's easy to connect and monitor all of your connected Culligan devices, right from your smartphone or tablet.

- See all your Culligan connected products on one screen
- Manage your water softener remotely
- Dive into greater detail about water usage and product performance

Wifi connected

Managed on your smartphone

Optional remote monitoring by Culligan

Optional leak-sensing technology

Water you love:

* HE Softener when configured with proportional up flow brining with Aqua-Sensor®.

Culligan® Aquasential® Smart High Efficiency Water Softeners

Product specifications

Patented Smart Technology

- ✓ Automatic bypass valve provides the convenience of bypassing the water softener from the softener itself or by using the Culligan® Connect App.
- ✓ Exclusive Culligan Soft-Minder® meter monitors daily water use and provides advanced system diagnostics.
- ✓ The easy-to-read back-lit display lets you know your softener is working and warns of system malfunctions.
- ✓ Culligan's Dial-a-Softness® control lets you choose the way you want your water to feel.
- ✓ Culligan's Connect App provides peace of mind with 24/7 monitoring and control of your Culligan equipment.

Options Available

- ✓ Optional proportional brining allows your softener to only regenerate that part of the resin bed that has been exhausted, which reduces salt usage.
- ✓ Culligan's optional patented Aqua-Sensor® technology provides the ability to regenerate when needed which means you save salt, water and money.
- ✓ Optional Salt Level Monitor automatically tells you how many days of salt are remaining.
- ✓ Optional Leak Sensor provides peace of mind if there is a water/moisture issue.

Exclusive Reliable Design

- ✓ Mechanical improvements including design updates and indicator lights to make sure it's always in peak condition.
- ✓ Exclusive, non-corrosive valve using motorized pistons that provide more reliability than rotary valve systems.
- ✓ High-impact Quadra-Hull® Tank use a four-layer design that resists UV rays, rust and corrosion. Limited lifetime warranty.
- ✓ Cullex resin media assures stability and long life. High-grade quartz underbedding evenly distributes water to maximize flow rates.
- ✓ Long-lasting brine tank with corrosion-proof components and Dubl-Safe brine refill control assure proper operation.
- ✓ Culligan Aquasential Smart HE Series also available as an outdoor model.
