Direct Measurement Of Power

Subject to the provisions of the Communications Act of 1934, subsequent acts and treaties, and all regulations heretofore or hereafter made by this Commission, and further subject to the conditions set forth in this license, the licensee is hereby authorized to use and operate the radio transmitting apparatus herein described.

This license is issued on the licensee's representation that the statements contained in licensee's application are true and that the undertakings therein contained so far as they are consistent herewith, will be carried out in good faith. The licensee shall, during the term of this license, render such broadcasting service as will serve the public interest, convenience, or necessity to the full extent of the privileges herein conferred.

This license shall not vest in the licensee any right to operate the station nor any right in the use of the frequency designated in the license beyond the term hereof, nor in any other manner than authorized herein. Neither the license nor the right granted hereunder shall be assigned or otherwise transferred in violation of the Communications Act of 1934. This license is subject to the right of use or control by the Government of the United States conferred by Section 606 of the Communications Act of 1934.

Re: KMMO(AM) License Application

Dear John:

The FCC *finally* has granted an application we filed in October of 1999 for a new license to reflect adjustments made in the KMMO(AM) transmission system. Enclosed for your information are (a) a copy of the FCC's Public Notice released April 4, 2002 reporting the grant and (b) a copy of the license itself.

Within the next few days you should receive an original of the new license. Please post the original in the main control room of KMMO(AM). Additionally, please place a copy of the license in the station's Public Inspection File.

You may remove from both the control room and the Public Inspection File previous licenses for the AM station. (But, out of an abundance of caution, I suggest retaining in the control room and in the Public Inspection File a copy of the most recent renewal postcard for KMMO(AM).)

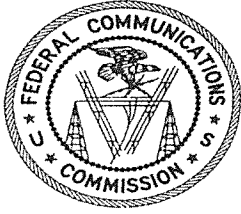

Of course, please call me if you have any questions.

Cordially,

MATTHEW H. McCORMICK
