

10-YEAR WARRANTY

All Lencore brand systems carry a full, 10-year warranty that our products will be free of any defects in workmanship. Lencore provides product and system warranties on a per project and per location basis and issue such warranties as a part of the close-out process.

Should workmanship prove defective under normal operating conditions, Lencore will repair or replace the part or parts only at no cost to the Buyer. Wiring and labor of parts is covered for one year under the Installation Warranty. Any repairs or replacements after one year will be subject to current labor rates. This remedy is the sole and exclusive remedy to the Buyer. Goods sold by Lencore that are manufactured by others carry their own separate warranties and are not covered by Lencore's 10-Year Warranty Program.
