DECORATIVE SWIVEL MOUNT RECTANGULAR SPEAKER

MODEL G54 / G54-B

FUNCTION

Lencore's Decorative Swivel Mount Rectangular speakers are available when a surface-mounted speaker is desired or necessary due to site configuration or condition. The speaker is capable of supporting sound masking and paging. The Decorative Swivel Mount Rectangular units are typically specified in atriums, historic buildings and other specialty areas where you cannot install a ceiling mounted speaker.

Speakers used in the i.Net® system are configured with integrated RJ45 connections for plug and play and ease of installation. The ceiling/wall mounted speaker is available in white or black. Each speaker comes with a mounting bracket that enables speaker to be installed center, right or left of bracket base.
