Red Apple Music Networks Syndicates *The Vinnie Medugno Show* with Hits from the '60s

New York, NY – January 27, 2025 --Red Apple Music Networks has announced the national syndication of *The Vinnie Medugno Show* featuring hits from the '60s, a listener-favorite on flagship 77WABC in New York. During the one-hour live show on Saturdays, Medugno spins the hits from the '60s, with a splash of favorites from the '50s and '70s.

Medugno's love of '60s music and his powerful singing voice led him to perform live at oldies concerts across the greater New York City area. He also hosts live rock & roll concerts, keeping the audience engaged between acts. 77WABC management recognized the talent and magnetism that Medugno brought to live shows and decided to groom him for on-air success.

"Vinnie brings a fresh approach to the oldies and radio," said **Chad Lopez**, President of Red Apple Media and 77WABC. "His charisma reaches across the airwaves to regale listeners with wonderful stories about oldies hits. Vinnie's enthusiasm for the music of the '60s creates a strong connection with his listeners."

Medugno already had radio experience as a part-time producer, shift fill-in, and board operator at New York City stations. He also has a successful DJ business for private events.

"It's as if everything I've done professionally suddenly came together for the opportunity to host my own oldies radio show," noted Medugno. "I'm having so much fun connecting with listeners and bringing in guests to share their stories about their careers and their music. I'm looking forward to taking that excitement to listeners across America."
