

WATERLOO—Iowa Heartland Habitat for Humanity will be hosting their annual Sites and Bites Bus Tours on September 12 and 13, 2024 to highlight the work that they have accomplished in the past year.

The tour will include finished homes, homes that are in the process of being completed, and future projects. The Waterloo neighborhoods that the tour will include are Church Row and Walnut.

In addition to home builds, the Sites and Bites Bus Tour highlights also highlights some of the critical home repairs that Iowa Heartland has accomplished. Some examples of home repairs may include roofing, siding, windows, etc. Nearly 725 people are on the waiting list for the homeownership program, and multiple families call daily asking for critical home repairs.

This year the bus tours will take place on September 12 and 13, 2024 at 8:30 am, 12 pm, and 4 pm, each lasting 90 minutes. The buses will pick up participants at the public parking lot at the corner of 1st Street and Commercial Street—next to the old Waterloo Community Playhouse. Coffee and donuts will be provided for the morning tours, BBQ will be available at the noon tours and adult beverages with snacks will be served for the evening tour! To sign up for this free event, visit [Sites and Bites Bus Tours | Iowa Heartland Habitat for Humanity \(webuildhabitat.org\)](https://webuildhabitat.org).

#### ABOUT IOWA HABITAT FOR HUMANITY

Driven by the vision that everyone deserves a decent place to live, Iowa Heartland Habitat for Humanity has built or renovated over 200 homes and completed over 260 critical home repairs in Black Hawk, Bremer, Buchanan and Butler Counties in Iowa since 1990. Families and individuals in need of a hand up partner with Iowa Heartland Habitat for Humanity to build or improve a place they can call home. Habitat homeowners help build their own homes alongside volunteers and pay an affordable mortgage. Through financial support, volunteering or adding a voice to support affordable housing, everyone can help families achieve the stability, equity and hope they need to build better lives for themselves. Through homeownership, resilient neighborhoods, and community collaboration, we empower. To learn more, visit [www.WeBuildHabitat.org](http://www.WeBuildHabitat.org).
