

# Winter Weather Today

For Western North Carolina

December 8, 2025

4:41 AM EST

## Key Messages

- Winter Weather Advisory remains in effect **through 1 AM Tuesday** for:

**Avery County**

**Mitchell and Yancey Counties above 3500'**

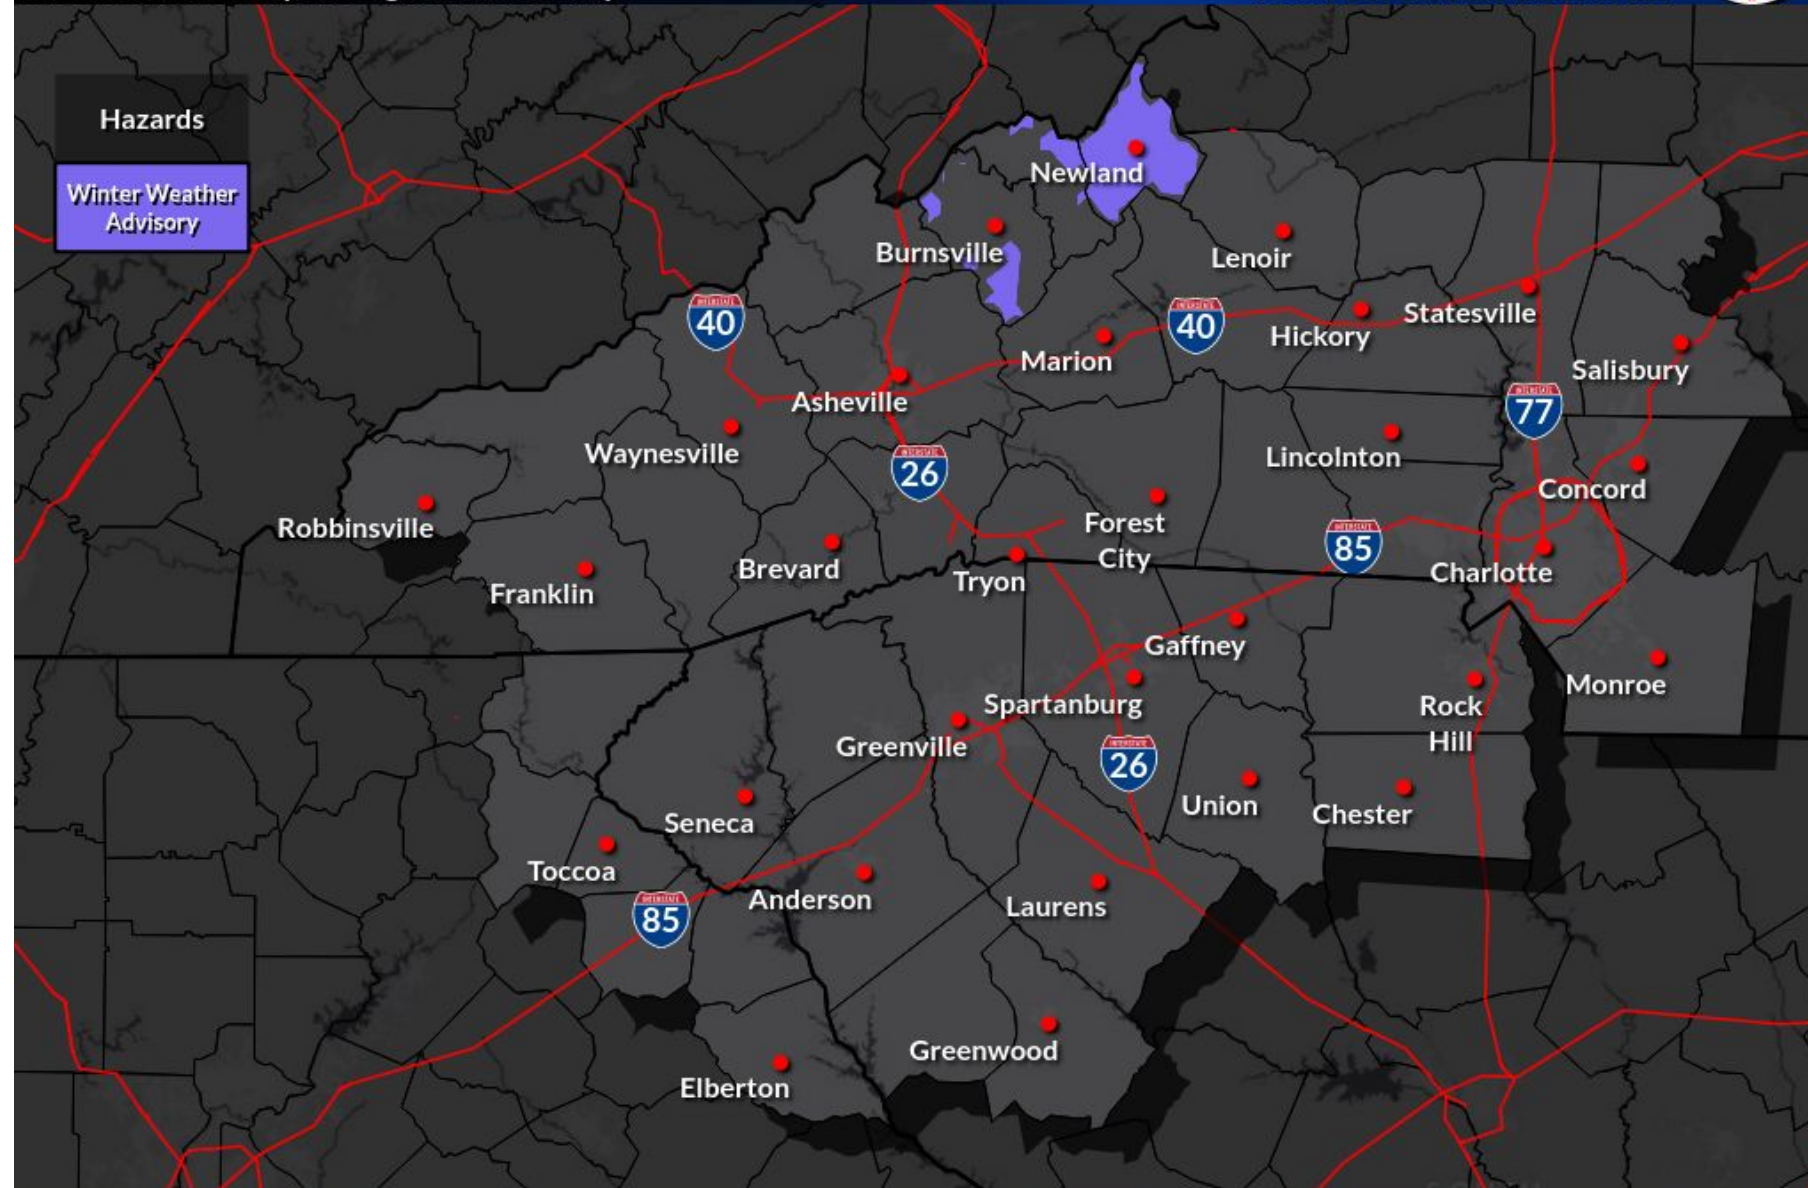

- 1-4 inches of snow possible in the advisory areas, with some ridgetops above 5000 feet getting up to 5 inches.
- Outside the advisory, anywhere from a trace up to 2 inches is possible in the mountains, especially above 3500 feet.
- The precipitation should taper off in **early/mid afternoon east of the mountains**, and during **late afternoon/early evening over the mountains**.

## Winter Weather Advisory

# Storm Total Snowfall Today

December 8, 2025  
4:41 AM EST

For the North Carolina Mountains

**For Avery County and Mitchell/Yancey counties above 3500 feet:** 1-4 inches likely with locally higher amounts up to 5 inches possible at the higher elevations.

Cold rain is expected outside the mountains but a brief wintry mix of snow/rain is possible along and north of I-40, where accumulations of less than an inch are expected.
