Phone 763-412-4616

Part 1:

- A total of 3 full-time vacancies were filled by the employment unit.
- A total of 6 persons were interviewed for all the full-time vacancies

Milestone Radio, LLC EEO Outreach Program

- It is our policy to provide equal employment opportunity to all qualified individuals without regard to their race, color, religion, national origin, sex, age, or disability in all personal actions including recruitment, evaluation, selection, promotion, compensation, training, and termination. It is our policy to promote equal opportunity through a positive, continuing program of specific practices designed to insure the full realization of equal opportunity without regard to race, color, religion, national origin, sex, age, or disability.
- The Station General Manager, Neil Freeman is the person responsible for the administration and implementation of our Equal Opportunity Program and is charged with the requirement to assure broad outreach for each full-time position the station recruits for when there is a full-time hiring opportunity. Were a hiring opportunity for a full-time employee to occur, job descriptions shall be mailed or emailed to a diverse group of organizations to insure all our community and state will be notified through a broad program of dissemination. It is our specified goal to reach all potential candidates and make them aware of full-time openings where they occur and provide equal opportunity to apply. Media shall be utilized for recruitment in a manner that will contain no indication, either explicit or implicit of preference for one race, national origin, color religion, age, or sex over another. In all cases, we will use web-based resources, broadcast, various other publications including ads on several of our stations creating an awareness of full-time opening.

- It is also the responsibility of all persons who make employment decisions with respect to recruitment, evaluation, selection, promotion compensation, training, and termination of employees to ensure that no person is discriminated against in employment because of race, color, religion, national origin, sex, age, or disability and to periodically review the effectiveness of the program and make changes when appropriate. Management performance in making this policy is reviewed for effectiveness annually by Dennis Carpenter, the Corporation Officer in charge of equal employment opportunity matters.
- Station employees have been informed of the FCC and station's EEO and nondiscrimination policies at staff meetings and with a bulletin placed on the station's bulletin board. An employee handbook is provided to each new employee that states the Station's Employment Unit's commitment to equal employment opportunity. Each employee is required to read this provision and sign a statement that they will abide by its terms.
- We welcome and encourage requests from organizations that assist in job-seeker assistance that wish to be notified of any openings. Each such request will result in the organization being made aware of job openings.
- We will continue to review our recruitment methods to ensure the fullest possible outreach.

EEO Public File Report, Part 2

Full-time vacancies filled during reporting period and recruitment/referral sources used to see candidates for each vacancy:

Job Title	Date Filled	Hire Source	Recruitment Source
Dir. Financial Giving	12/7/23	Referral	Referral

MN West Community & Technical College	0
Radioinsight.com	0
St. Paul College	0
St. Cloud Technical & Community College	0
Craigs list/Zip Recruiter	0

Part 3:

Supplemental

Recruitment Initiatives December 2023-November 2024

- Internships. We reached out to the surrounding community colleges and universities searching for interns for 5+ hours weekly. Activities included general office duties, crafting, creating, and voicing the community calendar and various on-air announcements. Ideally, we look for college students involved with communication programs. They are trained how to use equipment and immersed in the day-to-day life of the radio station.
- Job Fairs. Milestone Radio co-sponsored the Anoka County Career Fair on Apr. 10th and were part of several business and job fairs including the Ramsey Business Expo on Apr. 27th.
- Tours/Job Shadowing. We had 1 high school student join us to job shadow and learn what our staff does on a day-to-day basis. We encourage tours for local community groups like the Boy Scouts, when requested, to hopefully excite them early on about radio careers.

- Training: Staff participated in educational webinars provided through the Minnesota Broadcasters Association to advance their skills and attended the Minnesota Broadcasters Annual Meeting training sessions.
- Milestone Radio is a big supporter both in on-air promotion, and financially of military-support organizations which opens dialog about the station we would not have had with many of the veterans.
- Our involvement with multiple Chambers of Commerce and support for their projects opens the door for conversation and leads also. From “Shiver Elk River” to the “Anoka Halloween Parade” we’re touching community leaders on a regular basis.
