

October Flu Shot Clinics

Wednesday, October 6th 2:00-6:00pm
Wednesday, October 13th 2:00-6:00pm
Wednesday, October 20th 2:00-4:00pm
Wednesday, October 27th 2:00-4:00pm

There is a charge for the seasonal flu shot. Medicare, Medicaid, Blue Cross/Blue Shield and several other insurance companies can be billed for flu vaccination for those persons presenting appropriate cards. Please have insurance cards ready to speed up the process.

ADULTS (NO APPOINTMENT NECESSARY):

Weather permitting, adult flu vaccinations will be given outside this year. "High Dose" vaccinations will be available for those 65 years and older. "Drive-Through Flu Clinics" for adults only will be held at the Baymont Hotel parking lot located just west of the health department.

Traffic should turn onto North Christopher Boulevard and proceed into the entrance on the East side of the hotel. CCHD staff will direct drivers from there to complete paperwork and receive their flu shot. Drivers will exit on the West side of the hotel. Paperwork and the vaccine are all completed without having to exit the vehicle. This is a very convenient and quick way to get a flu shot, especially for those with limited mobility. All adults are welcome!

CHILDREN (APPOINTMENT REQUIRED):

Children Only appointments will be held during the times above inside the Crawford County Health Department. Please telephone 544-8798, Option 3 to schedule your child's appointment. Adults accompanying children to appointment may receive their influenza vaccination inside the department at the same time.

Please call CCHD at 544-8798 for any questions.
