

Is your child entering Kindergarten, 6th or 12th grade?

They are due for required childhood immunizations.

- Appointments are required, schedule early!!
- Bring your current insurance card with you
- Bring your child's immunization record with you if you have one
- Parental/guardian consent is required if your child is under 18 years of age.

If a parent cannot be present, a dated, signed note from a parent giving permission for his or her child to receive immunizations can be accepted. Permission forms are available on our website at www.cchd.net. The child must be accompanied by an adult who is named in the note and willing to be responsible for the child during the vaccination process. This adult must be familiar with the child's health history (e.g., allergies, past reactions to shots, etc.).
