2021-22 Winter MAP Data

VCS Board of Education Meeting 04/25/2022

Students in Grades 2 - 9 participate in MAP testing three times per year: Fall, Winter, and Spring. Over the past two years not all assessments were administered each season due to COVID-related issues. Teachers use assessment data to determine educational needs of their students and to reflect upon their own teaching practices. Educators specifically look at student achievement levels and student growth levels. The following data sheets are organized by grade level and subject. Winter MAP assessments give teachers a look at how students are progressing in the current school year and help teachers make instructional decisions for the rest of the school year.

Linked below are three reference documents that help explain MAP data and its usage.

- [NWEA Family Guide to MAP Growth](#)

- [MAP Normative Data Overview](#)

- [Map Achievement/growth norm percentile tables](#)

This year, the Department of Education and Early Development contracted with Northwest Education Association (NWEA) to develop the state math and ELA assessments. The new assessment is titled, Alaska System of Academic Readiness (AK STAR). In the future, there will be a direct correlation between MAP and AK STAR assessments.

MAP GROWTH

Grade 2

Term:	Winter 2021-2022	**Norms Reference Data:**	2020 Norms.
District:	Valdez City School District	**Weeks of Instruction:**	20 (Winter 2022)
School:	Hermon Hutchens Elementary Schoo	**Grouping:**	None
		Small Group Display:	No

Math: Math K-12

Summary	
Total Number of Students With Valid Growth Scores	43
Mean RIT Score	183.5
Standard Deviation	14
District Grade-Level Mean RIT	*
Students At or Above District Grade-Level Mean RIT	*
Grade-Level Mean RIT	184.1
Students At or Above Grade-Level Mean RIT	21

Overall Performance	Lo %ile < 21		LoAvg %ile 21-40		Avg %ile 41-60		HiAvg %ile 61-80		Hi %ile > 80		Mean RIT Score (+/- Smp Err)	Std Dev
	count	%	count	%	count	%	count	%	count	%		
Math: Math K-12	6	14%	8	19%	11	26%	10	23%	8	19%	181-**183**-186	14

Explanatory Notes

Tests shown in gray are excluded from summary statistics. Either the test occurred outside the testing window for a term, had an invalid score, or was a repeat test for a student within a term.

Test Invalidation Reasons: ***1 The test duration was too short to provide a valid result.   ***2 The overall RIT score for this test is above the valid range.   ***3 The overall RIT score for this test is below the valid range.

   ***4 The standard error for this test is below acceptable limits.   ***5 The standard error for this test is above acceptable limits.   ***6 The test has been identified as invalid.   ***7 High level of rapid guessing has invalidated test.

Due to statistical unreliability, summary data for groups of less than 10 are not shown.

Explanatory Notes

Tests shown in gray are excluded from summary statistics. Either the test occurred outside the testing window for a term, had an invalid score, or was a repeat test for a student within a term.

Test Invalidation Reasons: ***1 The test duration was too short to provide a valid result.   ***2 The overall RIT score for this test is above the valid range.   ***3 The overall RIT score for this test is below the valid range.

   ***4 The standard error for this test is below acceptable limits.   ***5 The standard error for this test is above acceptable limits.   ***6 The test has been identified as invalid.   ***7 High level of rapid guessing has invalidated test.

Due to statistical unreliability, summary data for groups of less than 10 are not shown.
