The 2.0 new debt service mills, plus the existing 7.0 debt service mills now pledged for the retirement of existing bonded indebtedness, which debt service mills will continue after retirement of the bonds to which now pledged, will be a continuing debt service tax until the retirement of proposed bonds to be issued in the principal amount of \$4,465,000, and which will mature over a period of 30 years, and will be issued for the purpose of refunding the District's outstanding bonded indebtedness; constructing, installing and equipping safe shelters in classrooms; and constructing, refurbishing, remodeling and equipping other school facilities. The surplus revenues produced each year by the debt service millage may be used by the District for other school purposes.

The total proposed school tax levy of 34.0 mills represents a 2.0 mill increase over the current tax rate.
