Notes:

* Federal aid miles are Pavement Surface Evaluation and Rating (PASER) rated and are generally "primary" road miles but may also include "local" road miles. PASER ratings were calculated using "Roadsoft" program from LTAP, asking for "current" ratings of centerline miles.

** Nonfederal aid miles may include "primary" or "local" road miles and the rating condition method may be either PASER or by local road officials.

No local data for non-federal miles in nine counties, an average of the other 74 counties was applied to their local paved miles to establish an estimate for their non-federal aid system.

No local data for federal aid miles in two counties, most recent TAMC data was used for federal aid roads. Nonfederal aid road ratings were based on other county averages (see #).
