JUDY MANOUCHEHRI

BEVERLY HILLS SCHOOL BOARD

Dear Neighbor,

The cornerstones of a vibrant and thriving community are its schools, police, and fire. Here, in Beverly Hills, we are lucky to have so many passionate and involved community members.

I seek a seat on the school board to ensure continued educational excellence. Our schools are the heartbeat of the community. Our children deserve a unified community and beyond to support them in their journey to be global citizens. The last two years have taken their toll on our children and community. I am a parent of 3 children in the BHUSD and thus, am uniquely positioned to navigate the waters as the tides flow in and out. Our children deserve the best.

I understand the urgency we face with the facilities in the district. I understand the financial investment all of our community has made in the future of our facilities, and I understand how to best utilize remaining bond dollars and get the job done because this is what I do professionally as a construction attorney.

A thriving and successful school experience is the glue that holds a community together, both in investment in the community and retention of excellence in reputation.

Please make sure you're registered to vote and I humbly ask for one of your votes in November.

Sincerely,

EXPECT
