b) Initiative: Participation in a Program Sponsored by Educational Institutions:

Blueberry Broadcasting's lead sports play by play announcer was a guest speaker for a Sports Play By Play and Broadcasting course at Husson University in Bangor Maine on Tuesday October 18th 2022. During the over 90 minute lecture, the main topics discussed were hockey play by play for radio, broadcast preparation, in-game announcing standards, equipment setup, and game day production. The students asked many questions about the differences between hockey broadcasting and other popular sports like football and basketball. The lecture featured a back and forth question and answer section with the speaker and students. The students asked about tips and good questions to ask coaches both on and off the air during pregame interviews. The importance of building relationships with the coaches and players of teams you cover. The differences between broadcasting for just one team and doing a network style broadcast were all discussed. They also wanted to know what it is like to travel with a team for road games.

On September 28, 2022 Blueberry Broadcasting conducted a training session to management level personnel who have substantial responsibility in the making of hiring decisions.
