NEW YORK STATE GROWN & CERTIFIED

 **96%**
of shoppers are
more likely to
purchase food
bearing the
program's seal

Why get your produce from a New York State Grown & Certified farm?

Consumers today want to know where their food comes from-- whether it's from around the corner or around the world, shoppers are more interested than ever in where and how their food is produced. The New York State Grown & Certified logo tells customers that these products come from New York farms certified for meeting high food-safety standards and participating in environmental management programs.

 **Over
2,500**
farms are part
of the program

The first state program of its kind, New York State Grown and Certified certifies all kinds of products- from produce to dairy, craft beverages and processed products. Food safety and environmental standards differ for each product category and are backed up by documentation and annual audits in many cases.

**Over
600** 
retail locations
sell NYS Grown
& Certified
products

Join today as a retail member and enjoy the benefits of participation. To learn more visit certified.ny.gov
